

The Robert Carre Trust

Health and Safety Policy

Statement of Health and Safety Policy

The Robert Carre Trust is committed to:

- the provision of safe and healthy conditions for students, employees and visitors;
- compliance with all relevant health and safety legislation

The cooperation of employees, students, parents and contractors is required to achieve these objectives to minimise injuries and work related ill health.

The main hazards and risk control arrangements are detailed in the Health and Safety Handbook.

It is impossible to list every hazard likely to be present at any time and therefore everyone must be continually vigilant to ensure that any new hazards are identified and appropriate arrangements implemented to control the risks.

If in doubt about anything to do with health and safety, stop and ask; where necessary specialist advice will be obtained.

This Health and Safety Policy will be reviewed annually and amended as necessary in the light of new developments and information gathered from monitoring.
